		Park" on August 7th, 2015. At this time, the Authority wishes to provide an administrative clarification on the financial formula used to assess certain obligations by Meridian Park and to ensure certain financial benefits that accrue to the March JPA. Amended Terms include the following: Consideration Payments. All existing and future payment obligations under Article 4 or elsewhere in the Disposition and Development Agreement that may exist as of the date of this Second Amendment, or that would accrue after the date hereof based on the current terms of the Disposition and Development Agreement, are hereby terminated. 9.	Reason why project was exempt:		oject was exempt:	The proposed DDA amendment is an administrative clarification that provides better financial certainty and clarity for the parties, particularly in view of changing economic conditions. However, the clarification does not propose or approve any changes in existing or potential future development; it does not alter or amend any binding land use plans within the March JPA planning area; and it does not entitle or otherwise commit to any changes in physical development at the March JPA. As such, the clarification is not a "project" requiring environmental review under the California Environmental Quality Act because the clarification is merely the "continuing administration" of the existing DDA; a "government fiscal activity" which does not involve any commitment to any specific project impacting the environment; and an "administrative activity by government" that will not impact the environment. (State CEQA Guidelines, 15378, subd. (b)(2), (4), and (5).)
